

## 2003 GODSEND CABERNET SAUVIGNON “LÉAL VINEYARDS ESTATE”

### THE STORY...

n. Something sent by god; a piece of good fortune

Léal Vineyards invites you to experience our next generation of handcrafted splendor in this inaugural and extremely limited release. Contrived from the Estate's best lots, Godsend is the result of hand selecting our "crème de la crème" from the two thousand-three vintage.

Of the eighty-one barrels of Cabernet Sauvignon produced, we meticulously selected the eight best to create Godsend. This selection received extended barrel aging of eighteen months in French oak and an additional five months in new American heavy toast barrels for even greater complexity. Extended bottle aging prior to release was necessary as greatness cannot be rushed. The structure and elegance are paramount. Intense flavors of black fruits, chocolate and coffee linger for what seems like forever. This extremely limited production is intended to be enjoyed with the best of friends and family in the celebration of life.
